Dear Bill:

I am writing to express my support for your application to the Montana Department of Commerce, Big Sky Trust Fund and to the Economic Development Administration for funding to undertake a feasibility study and plan for a meat processing facility in Montana. As you know, agriculture is a primary industry in Montana and adding value to our agricultural products is a high priority. The project is also intended to export Montana beef making the project even more attractive as we strive to increase our international trade.

Sincerely,
